A Fresh Approach For Cessnock

Authorised by Jay Suvaal, Australian Labor Party (NSW Branch), 26 Catherine St, Cessnock NSW 2325. Printed by Hunter Print & Design, 92 Vincent St, Cessnock NSW 2325.

Three reasons to vote for Jay Suvaal & Labor

Improving our local roads

We will prioritise improving our local roads. We are fighting to fix traffic congestion on Wollombi Road, and will hold the RMS and developers to account on Main Road Heddon Greta.

Investing in parks and cycleways

Labor Councillors supported the upgrades to our local parks and now we want to better connect our community by linking these great facilities with shared pathways.

Listening to our community

We are passionate about engaging the community in the important decisions of Council. Labor Councillors have always been available to assist local residents and provide information on the work Council is undertaking.

Our community is growing, this puts extra pressure on local roads and services. We need a Council with the ability and energy to respond to these demands, that's why I'm seeking your support to be elected as Mayor.

I will lead a Council that works together to achieve financial and organisational stability, a Council that delivers on our community's priorities, and a Council that ensures services are in place to meet the needs of our growing city.

I have a positive vision for Cessnock and always look for ways to improve our community by investing in real solutions. That's why I'm asking you to Vote 1 for me and my Labor team if you want a fresh approach for Cessnock.

Jay Suvaal - Labor Candidate for Mayor of Cessnock
